

Expand your horizons...  
study in Germany

## Ontario/Baden-Württemberg Summer Research Program 2018

[obw.ouinternational.ca](http://obw.ouinternational.ca)

## OBW Summer Research Program (SRP)

Participate in a research  
project at a German  
university

### Timing

- 2 or 3 months during the summer

### Eligibility

- Canadian citizens or permanent residents
- Undergraduate and graduate students in science, engineering, and health science disciplines

### Language competence

- No German-language prerequisite (with agreement of host professor)

### Scholarships

- \$2,600 - \$3,500, depending on length of approved research stay
- Scholarship is processed after start of placement

### Placements

- Students need to find their own placement — see our website for more details

### Credits

- Contact your academic advisor for advice on whether academic credit is possible for the research contribution in Germany

Apply through the  
International Office of  
your home university
